Creating inspiring leaders who care

## SPECIALIST PROGRAMMES

### LEADERSHIP & SAFETY CULTURE PROGRAMME (L&SC)

Creating inspiring leaders  
who care

#### OVERVIEW:

The CEDEP L&SC is an immersive 4-day programme that changes participants' mindsets to create a positive culture that builds a high-performance and resilient organisation. The programme is dedicated to manufacturing and operations middle and senior managers, who strive to get safety just right and want to create a healthier, more engaged and effective workforce. It is one of our long-standing specialist programmes that has been running since 2008. Participants immerse themselves in a new dimension of thought leadership that mixes cutting-edge science and research with deep experience and practical application to help them create a safety culture within their organisation that reduces costly workplace accidents that are detrimental to productivity.

This transformational leadership journey gives participants the psychology, philosophy and powerful management skills to:

- Create inspired, high-performing teams
- Develop powerful understanding skills to become better, more respected leaders
- Develop a practical plan with clear strategies to implement and drive positive culture change

#### SUMMARY:

How to motivate people, influence behaviour, and be an inspiring leader who increases productivity through health and safety

#### IDEAL PARTICIPANT:

The CEDEP L&SC Programme is for managers and senior leaders from all industries who understand and recognise the benefits of setting the right tone to create a culture of care.

It is particularly useful for manufacturing and operations managers, HSE experts, safety and wellness directors, safety engineers and consultants, risk managers, security and environment managers, and executives involved in plant management or distribution. *Please note that we have a specialist programme for the Oil & Gas sector.*
